

# the-one.world - Summary of Everything in the Universe.

**Only pictures ~ so everyone can understand.  
No matter how old you are, no matter what  
language you speak.**

## The Dream, Vision & Goal of the-one.world

We Dream of a **universal educational poster**, for everyone, **summarizing everything in the universe**. Since 2015 we have been working on it. The Vision of the-one.world is to distribute the understanding that **We are All One ~ One Earth & One Nature** flying together through space and time. Let's protect and enjoy life, together. Our goal is to spread knowledge and fascination about the universe in a **simple and accessible** way, **regardless of language or age** – so we donate posters to schools, kindergartens and retirement homes to reach people of all ages and backgrounds.

## The-One Explanation: The What and the Why

Our very biggest passion is the Universe, it is so amazing, so beautiful, so fascinating! We believe that a very large number of people share this big interest and yet have the **challenges of consuming information in an orderly and fun way**. We want to help with this step by step. So our goal is to **spread knowledge and fascination** about the universe in a simple and accessible way, **regardless of language or age**. We developed and share a universal poster which summarizes everything in the Universe and learning content in all languages and all learning levels.

## F.A.Q.

**What is the goal of the-one.world?** Our goal is to spread knowledge and fascination about the universe in a simple and accessible way, regardless of language or age. We want to promote education and celebrate our common path as Homo Sapiens on Mother Earth so we donate posters to schools, kindergartens and retirement homes to reach people of all ages and backgrounds.

**How are these posters founded?** Our posters are funded by donations from generous supporters who share our vision and goal and help to grow this fascination worldwide. We are open to donations from individuals, companies and organizations.

**How are donations used?** Donations are used to fund the production and distribution of our universal posters and learning content to educational institutions, retirement and nursing homes. We value transparency and report on how your donations are utilized.

**Does the-one.world pursue a political, religious or ideologic agenda?** No, we do not and it is not our right to do so. We basically want to create education, fascination and humility for the sometimes complicated context of the world we were all born into. The vision of the-one.world is to distribute the understanding that **We are One ~ One Earth & One Nature** flying together through space and time. Let's protect and enjoy life, together.

Summary of Everything in the Universe on one beautiful poster: **The-One** ❤️

The Dream is getting reality.

# the-one.world - The building blocks of our Universe.

## Energy & Spacetime

Dive into the world of energy and spacetime. Explore the secrets of cosmic forces and the breathtaking choreography of the universe.

## Earth & Life

From the depths of the oceans to the peaks of mountains, experience the diversity of life on Earth. Explore the wonders of nature and the fascinating history of our planet.

## Inventions & Discoveries

Explore the greatest inventions and discoveries in human history. From groundbreaking achievements to miracles of technology, fueled by human curiosity and the spirit of progress.

## Dreams & Art

Creativity knows no bounds. Immerse yourself in the magic of dreams and art, where imagination and reality merge to create new worlds.

## Senses & Awareness

Our senses connect us to the world. Explore perception and mindfulness and discover how they shape our relationship with the universe.

## Emotions & Instincts

Emotions and instincts are the keys to our human essence. Explore the power of feelings and the natural drives that unite us all.
